

Bryte

What is Bryte?

The Restorative Bed™ from Bryte is designed to deliver restorative sleep. Tapping into the powers of light, motion, guided relaxation experiences, and more, The Restorative Bed works in tune with the body to provide the foundation of health: quality sleep.

Bryte is a Complete Sleep Technology System:

- Multi-sensory motion technology to calm overactive minds
- Cooling features that reduce the body's core temperature
- An advanced sensory network to understand, anticipate, and adjust to each sleeper's needs
- Tech that helps sleepers wake gradually, harnessing rising temperature and brightness of daytime
